***Insert in the following Table 1 the information about all substances in the fragrance (including impurities), considering the following:***

- Add the substance with the highest concentration of criterion 4a (i) if present in the mixture.
- If necessary, add the substance with the highest concentration from table 13-1 in the fragrance (criterion 4 (d)).
- Table 2 contains voluntary information for the application of rinse-off products (at the request of the applicant). If completing Table 2, please add substances from the DID-list Part A. For substances not in the DID list Part A, please add the values that have been determined according to the DID list Part B. State the source of the values.
- Table 3 contains voluntary information for the application of leave-on products (at the request of the applicant). If completing Table 3, please add for organic substances the information about aquatic toxicity and biodegradability. State the source of the values.

*Please, **select one** of the following:*

I declare that the most updated DID list (**DID list 2023**), available on the EU Ecolabel website, is used for this application. (**Mandatory for new license applications; optional for existing licenses**).

I declare that the **DID list 2016**, available on the EU Ecolabel website, is used for this application (**Only for existing licenses updating formulation**).

## DECLARATION FORM FOR COSMETIC PRODUCTS

Commission Decision (EU) 2021/1870 establishing the EU Ecolabel criteria for cosmetic products and animal care products

I declare the following statements to be true:

- The SDS of the fragrance in accordance with Regulation (EC) No 1907/2006 of the REACH Regulation will be made available for the manufacturer of the cosmetic product.

### **Criterion 4: Excluded or restricted substances**

#### **(a) Restrictions on ingoing substances classified under Regulation (EC) No 1272/2008**

##### **(a)(i) RESTRICTED SUBSTANCES**

- I declare that the fragrances do not contain restricted substances with the hazard statements specified in the Commission Decision, in accordance with the list in Table 4 of Annex I.
- I declare that the fragrances contain the amounts of restricted substances with the hazard statements specified in the Commission Decision, in accordance with the list in Table 4 of Annex I, as specified in Table 1 above (Table 1 lists the substance with the highest concentration)

##### **(a)(ii) EXCLUDED SUBSTANCES**

- I declare that the fragrances do not contain the following amounts of excluded substances in accordance with Regulation (EC) No 1272/2008 and in accordance with the list in Table 6 of Annex I.
- I declare that the fragrances contain the amounts of excluded substances in accordance with Regulation (EC) No 1272/2008 and in accordance with the list in Table 6 of Annex I, as specified in Table 1 above.

##### **(a)(iii) FINAL PRODUCTS**

- The fragrance contains the following total concentration (% w/w) of substances with classification H410, H411, H412:

Total concentration (% w/w) of substances classified with H410:	
Total concentration (% w/w) of substances classified with H411:	
Total concentration (% w/w) of substances classified with H412:

### (b) Specified excluded substances

- I declare that the following ingoing substances and mixtures have not been included in the fragrances, neither as part of the formulation nor as part of any mixture included in the formulation:
- Alkyl phenol ethoxylates (APEOs) and other alkyl phenol derivatives;
  - Cocamide DEA;
  - Deltamethrin;
  - Diethylenetriaminepentaacetic acid (DTPA) and its salts;
  - Ethylenediaminetetraacetic acid (EDTA) and its salts and non-readily biodegradable phosphonates;
  - Microplastics and microbeads;
  - Mineral oil saturated hydrocarbons (MOSH) and mineral oil aromatic hydrocarbons (MOAH) in lip care products, where the recommendations by Cosmetic Europe for mineral oils are not complied;
  - Nanomaterials, unless used according to the conditions laid down for specific nanomaterials in Annexes III, IV and VI to Regulation (EC) No 1223/2009 ;
  - Nitromusks and polycyclic musks;
  - Perfluorinated and polyfluorinated substances;
  - Phthalates;
  - Resorcinol;
  - Sodium hypochlorite, chloramine and sodium chlorite;
  - Sodium Lauryl Sulphate (SLS) in toothpaste products;
  - Sodium phosphate, dihydrate; Disodium phosphate, heptahydrate; Trisodium orthophosphate; and Phosphoric acid, trisodium salt, dodecahydrate;
  - Substances identified to have endocrine disrupting properties;
  - The following fragrances: benzyl salicylate, butylphenyl metylpropional, tetramethyl acetyloctahydranophthalenes (OTNE);
  - The following isoflavones: daidzein, genistein;
  - The following preservatives: benzalkonium chloride, formaldehyde releasers, isothiazolinones, kojic acid, parabens, triclocarban, triclosan;
  - The following UV filters: benzophenone, benzophenone-1, benzophenone-2, benzophenone-3, benzophenone-4, benzophenone-5, ethylhexyl methoxycinnamate, homosalate, octocrylene;
  - Triphenyl phosphate.

### (c) Restrictions on Substances of Very High Concern (SVHCs)

- I declare that these ingoing substances are not identified as “substances of very high concern” and included in the list provided for in Article 59(1) of Regulation (EC) No 1907/2006.
- I declare that the latest list of SVHCs has been used on the date of this declaration.

### (d) Fragrances

- I declare that the recommendations of the IFRA Standards concerning prohibition, restricted use and specified purity criteria for materials are followed during manufacture.  
 ***I attach supporting information.***
- I declare that the fragrance does not contain BHT, neither as part of the formulation nor as part of any mixture included in the formulation.
- I declare that the content of BHT in the fragrance is: \_\_\_\_\_ %w/w (must be below 100 ppm).  
 ***I attach supporting information.***
- I declare that substances listed under Table 13-1 of the SCCS opinion on 'Fragrance allergens in cosmetic products' are not present in the product.
- I declare that substances listed under Table 13-1 of the SCCS opinion on 'Fragrance allergens in cosmetic products' are present in the product.
- A list of these substances with their concentration in the fragrance is attached to this declaration; or
- Table 1 above contains the substance with the highest concentration from table 13-1 in the fragrance.

### (e) Preservatives

- I declare that the fragrance does not contain preservatives.

### (f) Colorants

- I declare that the fragrance does not contain colorants.

### **Criterion 6: Sustainable sourcing of palm oil, palm kernel oil and their derivatives**

- I declare that the fragrance does not contain palm oil, palm kernel oil nor their derivatives.
- I declare that the fragrance contains palm oil or palm kernel oil in the following concentration: \_\_\_\_\_ (%w/w). And subsequently:
